

QUALITY POLICY

Southridge projects is committed to the complete satisfaction of our clients including quality results and adding value at each stage of every project.

We ensure that relevant, appropriate and achievable objectives and targets are established and that they are reviewed regularly by senior management.

Our commitment and capability in achieving quality is achieved by:

- Complying with statutory obligations, standards, codes of practice and other applicable requirements relevant to quality management and the environment in which we work.
- Establishing, monitoring and auditing our internal quality management systems. Providing sufficient and suitable resources to implement and maintain Southridge project's quality systems.
- Employing suitably qualified, skilled, experienced and motivated employees; Including quality management in Southridge projects employee inductions; Educating and training personnel to continually improve employee skills, awareness and knowledge of quality issues and practices.
- Identifying, investigating and satisfactorily resolving all non-conformances.
- Establishing and reviewing performance measures and taking action to continually improve performance and the quality management system; Monitoring and evaluating the quality performance of consultants, subcontractors and suppliers and implementing effective communication with all parties on quality and non-conformance issues.
- Southridge projects acknowledges this quality management policy as a commitment that involves cooperation and consultation with all stakeholders to meet the company's business objectives.
